EXPERIENCE

UPenn LPS Coding Bootcamp

University of Pennsylvania | May 2020 to Nov. 2020

- Learned many different languages, frameworks, databases, and development tools in a fast pace setting, with an overall A+ for the course.
- Created personal portfolio with a list of projects including their descriptions, links to the deployed application, and a link to the GitHub repos.
- Manages a GitHub account with over 200 commits since May.
- Has worked in group settings to create and deploy applications to GitHub using GitHub projects and Heroku.

Head Teller / Teller

CenterState Bank | August 2018 to Jan. 2020

- Manages the team of tellers and trains new company employees.
- Trained and advised during the transition of a newly acquired bank to CenterState. Assumed the role of teacher, instructing the Branch Manager and their team on new systems and processes ensuring the success of the conversion.
- Lead promotional initiative to exceed new accounts and loan goal and in turn was recognized by headquarters for overall excellence in Quarters 1-3 2019.
- Processes transaction including deposits, check cashing, loan payments, while demonstrating outstanding customer service and building customer loyalty.
- Responsible for maintaining and balancing a personal cash drawer of $15,000.

Non-Commissioned Officer & Expeditionary Airfield Technician

US Marine Corps | Nov. 2010 to Nov. 2014

- Led a team of 15 Marines and mentored them on their proficiency and conduct.
- Trained junior Marines on Marine Corps standards and productivity best practices.
- Led and inspected scheduled and unscheduled maintenance on assets and equipment totaling $50 million as a Collateral Duty Inspector.
- Managed the recovery of aircraft during emergency landing totaling $1.6 billion.
- Installed and maintained $3.9 Million worth of equipment in a combat zone with limited resources.
